

RE-ELECT

Tony Alexander

SAN JOSE-EVERGREEN
COMMUNITY COLLEGE DISTRICT

www.reelecttonyalexander.com

As the costs of four-year colleges and universities continues to rise, our Community College system provides a vital and affordable opportunity for students to pursue their educational and career goals.

Trustee and Board President Tony Alexander is working hard to assure that the San Jose/Evergreen Community College District continues to offer a learning environment that promotes the institutional excellence that meets the unique demands of San Jose and Silicon Valley.

Tony is a long-time community leader and a noted advocate for a quality education system based on opportunity, equity and social justice. He will continue to advance our District's success in preparing students to transfer to a university, or to enter the workforce by providing viable school-to-career options and enhancing student employability skills that lead to successful careers in Silicon Valley and beyond.

"Tony works hard to assure that the learning environment at SJECCD rivals that which is provided at four-year institutions that are often unaffordable for our diverse student population."

Community Leader Jesse Singh

"Tony is the best choice for SJECCD Trustee Area 3. His experience as a community leader, current Board President and a former student of the District gives him the necessary skills and perspective to represent and advocate for students, staff and the residents of our community."

State Senator Dave Cortese

"Tony's demonstrated ability to bring diverse people and groups together to resolve difficult challenges in a pragmatic way make him the ideal candidate to continue to serve on the SJECCD Board."

Dolores Alvarado, CEO, Community Health Partnership

"For decades here in Silicon Valley, Tony Alexander has built a legacy of public service as an educational leader, an advocate for underserved communities, a faith-based activist and a strong voice for working families."
